

Okanagan Lake Level Will be Reduced as Far As Conditions Permit

Federal Engineer States that Lake will be Lowered as Far as Possible but Recent Floodings from Above Skaha Lake to the Border May Necessitate a Reduction in the Outflow from the Lake—Oliver Group Requests Relief—Eight Hundred and Fifty CFS Now Going Out of Lake as Volume is Uncontrolled Except by Lake Level—Steadily Worsening Snow Conditions Increase Apprehension of High Water Next Summer

THE present intention of the federal department of public works which controls the level of Okanagan Lake, is to continue the free flow from the lake to the river in order that the lake may be lowered as far as possible. However this intention is subject to other conditions and is subject to change as the situation develops. K. W. Morton, district engineer of the federal department, New Westminster, advises The Courier this week.

Mr. Morton told The Courier that the control dam at Penticton is fully open and the present discharge of the lake is determined by the level of the lake itself. Only about eight hundred and fifty cubic feet per second is going over the dam at the present time. This, of course, accounts for the very slow drop in the lake level during recent weeks.

Mr. Morton further stated that during the past two weeks serious flooding conditions have occurred at points from above Skaha Lake, just south of Penticton, to Osoyoos and these conditions may necessitate a temporary slight reduction in the outflow from Okanagan Lake.

Okanagan Lake will probably reach the 99.5 agreed minimum figure this week.

Glenmore Irrigation district is now discharging six c.f.s. from its reservoir at Postill Lake east of the railway station of the same name. This water will find its way down Kelowna (Mill) Creek to Okanagan Lake.

The Courier endeavored to check upon the effect of ice conditions in the lake on the water level readings. Authoritative opinions agree that the ice will affect the readings but little. If the readings were of the water alone, it would mean that there would be a very considerable volume of water now contained in the lake, that is not being taken into account in the readings. However, the gauges, it is pointed out, are on a weight basis and so the weight of the ice would be included in the readings.

The general opinion seems to be that the only manner in which the ice might change the readings would be conditions where the ice is left above the water level as the lake level drops. The area of the lake is too large and as the water drops, it is quite evident that the ice drops with it. This accounts for many of the errors which are developing. Evidence of this fact, too, is present at the city water intake where the pipe as it comes further out of the water cracks the ice and the ice piles up.

A group using the bottom lands at Oliver has asked the federal department of public works to stop all outflow from Okanagan Lake. This group maintains that all danger of flooding is now past as the lake is almost at the agreed minimum, and points out that they are

Kelowna Being Asked for \$12,000 As District's Share of Red Cross Activities for Coming Year

National Campaign Will Raise \$5,000,000 of Which B.C. is Asked to Raise \$500,000—Kelowna Quota is Fifty Per Cent Increase Over Last Year and About Equals Amount Raised Here Last Year—More Rural Canvassers Needed

THE Kelowna Branch of the Canadian Red Cross is being asked to raise \$12,000 in the annual campaign for funds which will again be held in March. This is an increase of \$4,000 or fifty per cent over the last year quota and is just about the amount raised last year when the subscriptions ran something beyond the \$12,000 figure. While Kelowna's quota is upped fifty per cent, the national quota is only up ten per cent. The B.C. figure for this year is set at \$500,000.

The local campaign chairman, E. R. F. Dodd, said today the quota was a large one but one which could be reached. It will mean a house-to-house canvass from Winfield to Westbank. He made a special appeal for additional canvassers in the rural areas pointing out that due to heavy snow, ice and poor road conditions, it is necessary that more volunteer workers come forward to assist the team captains in their areas. The burden of canvassing is falling on too few workers, he felt.

L. R. Stephens, president of the local branch, will call an organizational meeting of all team captains within the next few days. At that time quotas for each individual district will be set. The campaign will commence on February 28th and continue throughout March.

Hon. Eric W. Hamber is the campaign chairman for B.C. and under him serving on the provincial executive are two local men, G. A. McKay and C. R. Bull—George H. Baillie, C.F.R. vice-president, is provincial vice-chairman.

An increase of less than ten per cent in the total Red Cross budget requirements for this year has been announced by L. A. Winter, OBE, honorary treasurer. But the exhaustion of war funds on which the Red Cross relied in past year means that the society depends on a forty per cent increase in voluntary contributions in order to carry on its 1949 program, he said.

"Surplus" war funds have been used entirely in previous years for aid to veterans and overseas relief

Tanks Help in Rescuing Marooned Ranchers

This U.S. Air Force rescue unit weasel-type tank is shown hard at work on rescue operations in the blizzard-struck sections of Nebraska where ranchers have been marooned for days by weather conditions. This picture, made near Chadron, Nebraska, shows a Weasel dragging a sled load of supplies to a stormbound ranch. It was flown back to the field from scene of the operations. Snow blizzards in the entire U.S. western states have resulted in frozen livestock being made a part of the cattle country scenery.

GYROS TO MARK THEIR QUARTER CENTURY HERE

The Kelowna Gyro Club will mark its twenty-fifth anniversary tonight when the Gyros and the Gyrettes gather at an anniversary dinner at the Royal Anne Hotel and top off the evening with a Gyro party at Eldorado Arms.

While the program will be kept simple, it will feature the anniversary and several of the charter members will take part. R. G. Rutherford, a past president of the club and a past president of Gyro International, will be the principal speaker, while the club's first president, Dr. Bruce McEwen, who held office for six months before the club was founded, will be the remainder of the first year will also speak briefly.

FINES FOLLOW GAMING RAID

Fines amounting to \$460 were imposed in city police court Monday as a sequel to a surprise police raid on a Harvey Avenue house recently.

Hop Lee, 229 Harvey Ave., was fined \$100 for keeping a common gaming house, while Kong Long, 229 Harvey Ave., was fined \$50 for being found in one. The latter two, police said, were running the games of fan-tan.

Twenty-six others, all Chinese and Japanese, each were fined \$10. Sum of \$220 was taken in the raid and all gambling paraphernalia was ordered by Justices of the Peace T. R. Hill and G. C. Hume, who dealt with the cases, confiscated to the crown.

Last week the owner of another house close by and 12 inmates were similarly fined. Both houses were raided simultaneously.

Raiding parties of four B.C. police officers each were led by Sgt. R. B. McKay, NCO in charge of Kelowna B.C. Police, and Cpl. Bill Davidson.

MUST REMOVE CITY BUILDING

The City Council has given the owners of the Quong Sing Laundry building, 1681 Abbott, six months for its removal. The building was condemned a few weeks ago, but on Monday night, the council decided on this time extension as the owner of the building is in China.

NEW MAGISTRATE

G. A. McKay

Word has been received in Kelowna this week that G. A. McKay has been appointed temporary magistrate and will assume all the duties of Magistrate Harry Angle, excepting those of coroner, until the latter returns from special duty with the United Nations Commission in Kashmir. He is on a six-months leave of absence from his post as magistrate.

Mr. McKay agreed to take the position only after considerable persuasion was brought to bear on him by the City Council and the city's recommendation was approved by the provincial government. He has a record of some seventeen years on the City Council, several terms as mayor, and with this background and his acknowledged fairness, it is considered he will make an excellent temporary magistrate.

Local Liberal Group Indicates Approval of Entering Candidate in Coming General Election

No Definite Action Taken but Opinions Expressed Indicate that Feeling is that Conservative Action in Nominating Candidate Has Closed Door to Any Possibility of Co-operation—R. M. Hayman Chosen President—Prospective President Wanted Co-operation with Conservatives

WHETHER or not the Liberals should run a candidate in Yale for the forthcoming general election completely overshadowed the usual business of an annual meeting when the Kelowna and District Liberal Association met in the Board of Trade Rooms on Monday evening. While no definite resolution was passed, it was apparent from the general tenor of the remarks that the majority felt a candidate should be run and that the action of the Conservatives in naming a candidate had definitely closed the door to any possibility of co-operation between the two old parties.

The routine business of election of officers saw a considerable number of changes in the personnel of the association. R. M. Hayman was elected president by acclamation, after a nomination of L. R. Stephens by Dr. W. J. Knox had been withdrawn. L. W. Marr, a recent arrival from Saskatchewan, was chosen vice-president. Miss Jeanette Reekie was re-elected secretary, and Earl Murchison succeeded Harry Chapin in the office of treasurer.

Others on the executive are president Fred Tuit, who declined reelection to that office, L. R. Stephens, Ed Newton, George Yochim, Fraser Black and Clarence Hume for Glenmore.

The nomination of L. R. Stephens for president ran into a snag when the chairman read a telegram from Mr. Stephens, who is in the East, in which he agreed to accept the nomination on the understanding that the Association, "co-operate with the Conservatives." This proviso created so much adverse criticism that the nomination was withdrawn.

Delegates to the forthcoming convention were chosen and other names may be added, if it is found that the basis of representation permits a greater number. There was the uncertainty as to whether the voters list for the previous federal by-election, or the provincial list was to be the basis.

The most interesting part of the meeting came after all the business of electing officers and delegates was over, and a discussion ensued (Turn to Page 12, Story 1)

SLUSH, SLUSH! WATCH THE SLUSH!

Mr. Motorist! You're in for a lot of slush driving for the next day or two and probably icy streets during the nights and early mornings.

If the mild weather continues, it will be several days before all the winter's snow, intact since the first fall in early winter, disappears.

Traffic authorities advise continued caution when driving and urge consideration for pedestrians as the winter's snow, intact since the first fall in early winter, disappears.

Public works authorities already have given notice that load restrictions on all highways soon will be put into effect. This is a yearly practice to save highways from further damage while the frost is coming out of the ground.

Apple-Producing Provinces May Adopt Standard Grade for Fruit

Extra Fancy, Fancy and Cee Grades May Replace No. 1 and Domestic

The possibility that all apple producing provinces may adopt the extra fancy, fancy and cee grade designations for apples is probably the most important news to come out of the series of meetings and conventions attended by several B.C. fruit men, headed by A. K. Loyd in the east during the past week.

(The apple grade question came up at the meeting of the Canadian Horticultural Council and a full day was spent on it. Apparently, any province may insist on outside apples being made to conform with the grade designation of the province concerned. In other words, in Ontario and most other provinces, the grades have been No. 1 and domestic. Should Ontario so insist, it would be necessary for any B.C. apples selling in Ontario to be repacked to conform to those Ontario grades and designated as such. This policy, of course, could have a very detrimental effect on interprovincial trade and might be carried to extreme lengths in many products.

Twenty Percent Wage Boost Granted Kelowna Teachers; Will Cost District \$56,400

LAKE LEVEL	
(City of Kelowna Figures) Feet	
Lake level on Monday	99.67
Lake level today	99.60
Decrease	.07
Agreed minimum	99.5
Agreed maximum	102.5
1948 peak level (June 28)	104.82
Previous record high, 1928	104.5

Satisfactory Settlement Reached Between Trustees and Teachers—Average Increase Will Amount to Around \$422.75—City's Share of Additional Salaries Will Be \$30,000—Wage Increase Same as that Granted Penticton Teachers

Cost of Living Bonus

A SATISFACTORY settlement has been reached between School District No. 23 and Kelowna and district school teachers whereby the teachers will get a 20 percent wage increase based on gross salaries, which includes annual increments.

This was revealed this morning following conferences between the teachers and school trustees. The wage increase is the same as that granted teachers of the Penticton school district. The average increase per teacher amounts to around \$422.75 per year, and will cost the school district \$56,400. Based on percentage of costs, Kelowna taxpayers will have to pay an additional \$30,000 for teachers' salaries.

Last Monday the school trustees offered two alternative wage proposals. One was for a 25 per cent boost on the initial salary, while the other was the 20 percent increase on the annual increment as well as on the basic salary.

Reason for the teachers accepting the 20 percent increase was due to the fact a greater number of teachers benefit by this offer, C. A. Bruce, spokesman for the teachers, stated. The board's original offer of 25 percent amounted to an overall salary increase of only 17 per cent, he said. In accepting the 20 percent boost, based on basic salaries, all but 28 of the 128 teachers in the school district benefit to this extent. The 28 teachers benefit to a lesser degree.

A cost of living bonus is also worked in with the new salary scale.

The new salary scale, effective January 1, 1949, is as follows:

Years of Experience	Elementary			Secondary		
	E.C.	E.B.	E.A.	S.C.	S.B.	S.A.
0	\$1200	\$1300	\$1400	\$1500	\$1600	\$1700
1	1300	1400	1500	1600	1700	1800
2	1400	1500	1600	1700	1800	1900
3	1500	1600	1700	1800	1900	2000
4	1600	1700	1800	1900	2000	2100
5	1700	1800	1900	2000	2100	2200
6	1800	1900	2000	2100	2200	2300
7	1900	2000	2100	2200	2300	2400
8	2000	2100	2200	2300	2400	2500
9	2100	2200	2300	2400	2500	2600
10	2200	2300	2400	2500	2600	2700
11	2300	2400	2500	2600	2700	2800
12	—	—	—	2700	2800	2900
13	—	—	—	2800	2900	3000
14	—	—	—	2900	3000	3100

Plus a cost-of-living adjustment as follows:

When the cost-of-living index of the Dominion Bureau of Statistics for the month of December is within the range:

Index	Adjustment	Each of the above salaries
130 - 134.9	add 4%	to each of the above salaries
135 - 139.9	add 3%	to each of the above salaries
140 - 144.9	add 2%	to each of the above salaries
145 - 149.9	add 1%	to each of the above salaries
150 - 159.9	add 20%	to each of the above salaries
160 - 164.9	add 24%	to each of the above salaries

Principals' salaries and special clauses have not yet been discussed, but it is understood that another conference between the trustees and teachers will be held tomorrow night at which time other clauses of the agreement will be dealt with.

It is understood that the effect of the agreement is to fix the salary of all assistant teachers for the year commencing January 1, 1949, at the amount shown in the table plus a twenty per cent cost of living adjustment and that the increment due in September, 1949, shall be \$120.

Satisfactory settlement of the wage dispute avoids setting up a local arbitration board.

Text of a statement released by the teachers, reads as follows: "On Tuesday night, the teachers of Kelowna school district voiced their approval of the revised pension settlement which was offered to them by the local school board. In so doing they expressed a desire to arrive at an amicable settlement of salary problems and agreed that a negotiated settlement on these terms was preferable to holding an arbitration in Kelowna. Since most of the misunderstandings that have arisen can be traced to the much-disputed original Pension arbitration award of last January, the teachers are pleased that these matters have been cleared up and friendly relations re-established.

Same Scale

"Acceptance of the board's offer places the teachers of this district on the same scale as that adopted in the Valley centres of Vernon, Penticton, Summerland, Keremeos and Salmon Arm. There is a strong feeling among the teachers that this is only right. Furthermore it is felt that the automatic adjustment of salaries in the future, by tying them to the cost-of-living, as the Pension settlement does, will help to maintain a friendly atmosphere and remove any future causes of misunderstanding which may arise due to further fluctuations in the index.

"A far greater number of teachers benefit financially by the revised Pension settlement of a straight 20 per cent increase. The board's original offer amounted to an overall salary increase of approximately 17 per cent. The teachers feel that although they are accepting an offer seven per cent less than the original Pension award and the school board is handing out only about three per cent over its original offer, a settlement reached by negotiation rather than by arbitration is more satisfactory to all parties concerned."

FIRE BRIGADE OUTSIDE TRIPS GIVE CONCERN

The matter of the Kelowna Fire Brigade going to fires outside the city limits is causing some concern. On Monday night His Worship reported to the council that he had had several complaints about this, and after a short discussion Alderman Roadhouse was instructed to check with the brigade as to what authority it had for going outside the city, the number of times it went and the cost of these trips to the city.

Firemen are paid for the fires they attended and it is assumed that when they go outside the city, the cost is borne by the Kelowna taxpayer. In addition there is always the risk of a fire in the city while the brigade is absent. In recent weeks the brigade has gone to places as distant as Westbank and Winfield and Okanagan Mission.

During 1948, the brigade went to eleven fires outside the city limits.

Construction of Gov't Building "Encouraging"

J. I. Monteith Reports to Trade Board Executive Following Interview

Future construction of a provincial government building in the city to house all government offices appears "quite encouraging," J. I. Monteith told the Kelowna Board of Trade executive at the regular meeting Tuesday.

A comprehensive brief, giving more than a score of reasons why

such a building was necessary in Kelowna was prepared by the board and submitted to Victoria last week. Mr. Monteith, finance committee, presented the brief personally to Premier Johnson.

Mr. Monteith said he had conferred with top government officials including Premier Byron Johnson. He was given an understanding hearing by everyone, he said, "as long as we do our part at this end." Mr. Monteith thought some action would follow in due course.

25 Years of Gyro

Tonight (Thursday) the Kelowna Gyro Club is marking the 25th anniversary of its foundation. This is an incident of considerable significance not only to the Gyro Club but to the whole City of Kelowna, because during the past quarter century that organization, in its own unpublicized way, has played an important part in the life of the community.

The basic principle of Gyro is friendship. It is not a "service" club in the true sense of the word, although the local club certainly has had all the attributes of such an organization. While Gyro has only one basic principle—friendship—other organizations include active service to their communities. It is for this reason that Gyro is not a true "service" club.

However, in its life of twenty-five years, the Kelowna Gyro Club has contributed fully as much to community life as the true "service" clubs. Directly and indirectly, Kelowna has benefited through the organization of Gyro here. In hundreds of small ways it has assisted here and given a helping hand there. Many small organizations have been given financial assistance over a rough spot by the Gyros; others have been given organization help in straightening out their affairs. No community project needing assistance has found the Gyro Club unsympathetic.

The community can thank the Kelowna Gyro Club for the Memorial Arena. It was this organization which called the organization meetings and spearheaded the organization work; it was mostly Gyro members who did most of the hard detailed work and carried the plans through to successful completion. The Gyro Club also was the largest individual contributor to the fund, giving \$2,500.

Another excellent example of Gyro's con-

tribution to the community is Boyce Gyro Park, just outside the southern city limits. During the summer this park is one of the most popular stretches of the entire lake front and, since the war, the club has commenced the implementation of its plans to make this spot one of the most attractive parks on the lakeshore. Oddly enough, this spot is most frequented by persons from the rural areas, particularly on Sundays, providing an excellent example of co-operation between city and country.

The Gyro Club for the past many years has undertaken to provide a children's day on May 24th. The primary purpose of this has been to provide a bit of fun and frolic for the youngsters. One need only attend one of these celebrations or to work in the concessions to appreciate that from the point of view of entertaining the young folk, the Gyros are doing a real job.

Through these and other activities, the Gyros as a club play their part in the community. However, the greatest contribution the organization makes is through the community work of the individual member. City Council, board of trade, aquatic club and school board, hospital board and a dozen other community organizations have Gyros, as individuals, on their directorates. This has not been a passing phase; Gyro members seem to be instilled with the desire to contribute what they may to the welfare of the city and district. In a single year, about six years ago, the Gyro Club numbered among its members the president of an international organization, the president of a national organization and two presidents of provincial organizations; a record demonstrating that Kelowna Gyros carry their service enthusiasm even beyond the bounds of their own community.

The Kelowna Gyro Club was the first so-called service club organized in Kelowna. Its success has encouraged the formation of other service organizations such as Rotary, Kinsmen, Lions and Kiwanis. Like the Gyros, these bodies are making their worthwhile contribution to the life of Kelowna, both as groups and through their individual activities. But the Gyro Club, founded here when Kelowna was little more than a small town, has seen the city grow and prosper, and the club, now stronger than at any other time in its history, may look back upon the past quarter century and take quiet satisfaction through the knowledge that the club and its individual members have played no small part in making Kelowna the fine city it is.

r.p.m.'s column

It is quite unnecessary to tell the people of Kelowna, or any other community in the Okanagan Valley that a great many people from the prairies have come here to settle. Indeed, it is quite probable that the same statement applies to almost any other community in British Columbia. Certainly many have settled in the Fraser Valley and on Vancouver Island. It has been estimated, indeed, that 200,000 people from the prairies have come into British Columbia to make their homes.

If that figure is questioned one need only look at the population figures of Saskatchewan. In 1931 that province had a population of 931,547. By 1946 it was down to 832,638. In those fifteen years Saskatchewan lost, in actual count, about 100,000 persons. But in fact its loss was much greater. The natural increase in Saskatchewan is about 22,000 a year. Over fifteen years at that average the total natural increase should have been about 330,000. So Saskatchewan lost not only the 100,000 by actual count but the natural increase of 330,000 as well. In other words almost half a million people left that province during that fifteen year period.

They all did not come to British Columbia, of course. Many went to other parts of the Dominion, returned to Europe or drifted to the United States. But the largest number apparently came to B.C. and government figures show that the largest number of people leaving Saskatchewan is still coming to B.C. In the years ending June 1, 1947 and 1948, Saskatchewan's population showed increases of 10,000 and 12,000. But the natural increase is 22,000. So the natural increase of 22,000 and Canada had a heavy flow of immigrants of whom Saskatchewan received a share.

Since family allowance came into force a mistake. Instead it means

effect there is a close check kept on the movement of families with children. The family allowance office in Saskatchewan last June 1 reported that in the previous twelve months, on balance, that province had lost 2,257 families or about 17,200 persons. And in December, 1948, according to the same report, 687 families with children left the province while a much smaller number returned. These figures do not include single persons or married couples without dependent children so in actual fact the movement is larger than these reports show. But fortunately for that province, while the movement away is continuing, although at a lower rate, the natural increase and immigration to Canada now more than offset the loss.

How has fortune favored these migrants to what they believed is a pleasanter climate? Certainly during the past year with its excessive rainfall and the long, cold winter—or here—the climate of British Columbia has not lived up to its advance notices. Inevitably, of course, there is a small but steady trickle back to the prairies. Their reports, of course, are unfavorable, otherwise they would not have returned. But the trickle apparently is but a small part of the total movement.

There are some, probably, who do not like it here but who have not returned to the prairies because of pride, or because they have invested their money here. But there are others who like the life here and are doing well, came here with adequate funds and have no desire to return. But there are one or two things on which these newcomers to B.C. are in general agreement. One is that to give up a grain farm in Saskatchewan and expect to come here and "retire" by operating a small fruit orchard or vegetable

long hours of labor and probably quite income, that is quite a different matter. He doesn't have to operate one of these small holdings in B.C. wheat. Of course, if the prairie ate his small holding at a profit or, as farmer retires here with an adequate supply his old age of ease.

ASSESSMENTS PROTESTED AT GLENMORE

GLENMORE — Three ratepayers appeared at the Glenmore court of revision Tuesday of last week. S. Holton protested his new assessment on the grounds that it was higher than that of his immediate neighbors. The court pointed out that Mr. Holton's house had a larger floor space than that of the houses in the neighborhood and that this fact accounted for the difference.

Guy Reed pointed out to the court that all his land was valued as Grade A land whereas a part of was pond and waste land surrounding the pond. The court felt that this complaint was justified and promised re-adjustment.

A letter was read from Mrs. Andrew Ritchie protesting her assessment. Mr. Ritchie, who attended the court, felt that this dwelling was assessed too much, and that the assessed value of his packing house was out of line. The court claimed that his packinghouse was used to pack other people's fruit and therefore could not be considered in the same category as other farm buildings. Mr. Ritchie assured the court that it was no longer his policy to pack other people's fruit. For this reason the court reconsidered his assessment and moved in favor of an adjustment.

At the council meeting, which followed the court of revision, it was discovered, in going over the accounts, that the price of pipe for the domestic water system, had jumped 32 per cent since the original estimates were drawn up.

T. Corbin attended the council to point out that the roadway past his orchard was used by others beside himself since the new sub-division was put in, and he felt that this road should be given more consideration than it has in the past.

The water board reported it had entered into negotiations with Kelowna's water board with a view of a new domestic water contract. On his own request W. J. Rankin's duties as fire marshal have been assumed by the building inspector, R. W. Corbin.

Glenmore has agreed to the government's plan to pay to the government a per capita sum, in return for which free medical care is given to all social assistance cases in the municipality.

Timely Advice Given Fruit Growers Of Glenmore Local as Agricultural Heads Explain New Types of Sprays

GLENMORE — The BCFGA, Glenmore local, sponsored two meetings in the Tree Fruits board rooms on Wednesday of last week, which took the form of a question-and-answer period followed by films.

In the afternoon B. Murray took the chair and the speakers were Dr. McLarty and Dr. Marshall. In the evening Ben Hoy was chairman and J. Smith and Dr. J. C. Wilcox led the discussion.

Mr. Wilson, assistant to Mr. B. Hoy, the district horticulturist, discussed the new milicide, parathion, explaining that it had been accepted too late to have a place on the 1949 spray calendar. This promises also to control pear psylla and moth.

The quantity of spray is 3 1/2 lb. to 100 gal. Since this is deadly poison to humans it must not be used within thirty days of harvest, and must be handled with the greatest care.

Opinion seems to be that some of the stone fruit trees will undoubtedly have been damaged by the cold weather.

Mr. Smith felt that chemical thinning, put on as a spray, has a definite place in fruit growing. It is particularly good to change an orchard that bears well only every other year to one that bears a good crop every year. If Elgetol is used the solution should be 1 1/2 pints to 100 gals. of water. It should be applied when the first petals begin to fall.

Fifteen orchards were tested in this district last year with considerable success. Although the blossoms looked very bedraggled after this spray, the trees look perfectly normal after a few days.

Dr. Wilcox explained that soils had two types of alkali, the black and the white. Treatment recommended for the black is application of gypsum. To 30 acre, but the only possible treatment for the white was washing it out by sprinkler system or by flooding.

Fire Blight

Fire blight came under discussion in the afternoon as 1948's infection of this disease took a very heavy toll. Cutting in the summer is not recommended. Instead, painting the affected parts with zinc chloride is suggested. All tools should be disinfected with mercuric chloride.

No better control for mildew than lime sulphur and the pink and calyx sprays has been discovered. Interesting films were shown of various types of spray machines. Although no one machine was especially advocated, the turbine blower type seems to be gaining most favor. In a discussion of sprinkler systems, Dr. Wilcox pointed out that while this system of irrigation does bring the roots closer to the surface, this was not important as the greater root spread is much further down. If a sprinkler system appears to be causing collar rot, the sprinkler is

wrongly placed. Tests have shown that properly placed sprinkler system saves 30 per cent of the water. Poorly planned and poorly placed sprinklers do not save water.

Never sprinkle bare clay soils, said Dr. Wilcox. Use a cover crop, and when it is established, use the sprinkler slowly enough so that the sub-soil will soak it up to the last drop. If water collects in pools and puddles, it is being sprayed too fast.

A 24-hour irrigation once a month may be sufficient. All sprinklers should be kept as uniform as possible. Valves can be arranged on the line or under the sprinklers, to govern the pressure and keep it uniform.

When questioned, Mr. Smith felt that summer fertilizing by means of sprinklers should be unnecessary if enough were put on in the usual way in the fall. Sprinklers are used too late in the growing season for fertilizer thus applied to be of value that year. He felt that the use of mechanical spreaders was not only a labour saver but also spreads the chemicals more evenly where they can be of more value. Fertilizer does not burn out soil but lack of organic matter will do this. Straw and sawdust make fair fertilizers, but sawdust needs the addition of sulphur and once in ammonium nitrate to rot it properly. Other cover crops suggested were white dutch clover, lucerne, and sweet clover.

Twich grass is no harm to the orchard but needs a great deal of fertilizer. Tests have shown that roadways through orchards lessen greatly the permeability of the water through the soil at that spot. To decide whether land is ready for another irrigation, test the soil about a foot below the surface. If a handful of this soil retains its shape when the hand is opened, the soil is still sufficiently moist.

Peach root-borer can be controlled by application of DDT, three times the usual strength, applied to the trunks and base of the tree, once in July and once in August.

924,000 Boxes of Apples
George Brown, of Tree Fruits, was present at the evening meeting and announced that there were 924,000 boxes yet to sell. Of this total, 100,000 are expected to leave town in the next ten days.

Both the afternoon and evening meetings closed with films. In the evening different types and causes of soil erosion were illustrated, as well as suggested cover crops to prevent this. Also poison traps for mice were shown and comments made on their types and position. In closing the evening meeting, Bert Hume, secretary of the Glenmore local, appealed to the members to turn out to their local meetings in greater numbers, and thus increase the strength of their organization.

EAST KELOWNA WOMEN WANT MARGARINE

EAST KELOWNA — The regular monthly meeting of the Women's Institute was held in the Community Hall, Tuesday, February 8, with sixteen members present. The minutes were read, and a very satisfactory treasurer's report was presented.

Four new members were welcomed by the president. A letter was read from Mrs. M. Field of the William Institute, Letchworth, England, thanking the members for a Christmas parcel which had reached them safely. Mrs. Fields described the customs as the "manners in the wilderness." Their members drew lots for the contents and her share was a package of rice, which she says,

"BETTER SPRINKLER IRRIGATION"

Anderson-Miller Offers Finner Couplers,
Valves, Complete Systems! Insure Greater
Savings, More Profits from Crops.

Learn about the new scientific features of Anderson-Miller. They will produce greater profits for you. Startling new scientific developments in couplers and valves provide a high degree of efficiency that is near perfection. A-M irrigation systems and equipment are so simple to operate... save countless hours and make many dollars for you... increase yields

unbelievably. Here is sprinkler irrigation at its best. Get in touch with your local or nearest A-M dealer. He'll be happy to explain the many advantages of this PORTABLE ALUMINUM IRRIGATION EQUIPMENT. It costs nothing for advice and counsel from an A-M irrigation expert. Find out about it today! Write for illustrated literature.

Add main line valve with valve operator elbow. Light, strong aluminum casting. Serves steps, tunnel permits moving one lateral while others operate. Simple, easy operation. Requires but one elbow for each lateral. Positive seating, no springs.

Add permanent irrigation valve. Light, strong aluminum casting simplified with positive seating and permits thorough irrigation within complete section. Absolute control of lateral pressure.

PICTURED IS A-M COUPLER

1. Light, strong aluminum casting.
2. Automatic locking and unlatching.
3. Double-end flexibility for efficiency on uneven ground.
4. Has apron for ease of alignment of pipe to coupler and provide stable base.
5. Connects three standard couplers.
6. Permits moving two lengths without uncoupling.
7. Requires no welding, bolting or drilling.
8. 2" to 7" size.

Club 13 Rebel, Plaster Stampeders For First Win in Mercantile Loop

The return to their former potent punching by McGavin's sextet and the uprising of the lowly Club 13 crew highlighted Sunday's commercial hockey league games.

The Club men hit the win column for the first time and the Bakers turned on all their scoring punch to sink the Rowing Club 9-1.

The early morning game between the Stampeders and Club 13 saw "Pee Wee" Wilderman almost register the league's first shutout.

The Stampeders were unable to find the pace they've shown before, while with the Thirteneers it was now or never.

With Bill Garrow leading the way with two goals and an assist, Club 13 tucked away a well-earned 5-1 victory.

The surprising Black Bombers continued to be the talk of the loop by holding the high-flying Rutland boys to a 3-all draw.

Joseph, Johnston and Rantucci continued to carry the offensive chores for the big black team.

Rutland Still Leads Magel, Tamgl and Lawrence Rausser registered the three counters which enabled the Rutlandites to hold their position on top of the league.

The final game of the day, in which McGavin's scuttled the Oarsmen, was a repetition of the first game between these two outfits.

The Rowers lacked their usual fire and time after time were caught in the opposition end with no one back, giving the Bakers clutch breakaways.

O'Shaughnessy and Newton bagged five and four points respectively for the winners and reliable Bill Clow got the singleton for the Rowing Club.

League Standings W L T F A Pts
Rutland 4 0 2 20 13 10

LOCAL CURLERS SHOW UP WELL IN PRINCETON

Kelowna Curling Club was represented at the Princeton 'spiel' on Saturday and Sunday by Nelson Clow's rink (Bob Buchanan, Bud McCallum, Al Pfeiffer, A. Link skinned by George Sutherland also planned to take in the show but was detained at the last moment.

Fair success was attained by the Kelowna men who reached the semi-finals in the secondary event, only to bow out to Al Bloom of Princeton. Bloom went on to take the B event.

Another Princeton rink took the A event. Clow ran up a record of seven wins and two losses during the two-day 'spiel'.

Over the fence

By W. L. MacTavish

Lately there has been a lot of talk from socialist circles about the profit lumber companies reported this year, with the suggestion that it is shameful if not sinful. Do these socialists think back more than a year or so?

There was a time, and it isn't very many years ago, when there were no profits in the lumber business, or none to speak of. The lumber industry was a lot smaller than it is now, because it had to fight desperately for markets for the product, and it did not have the money for really efficient operation to put it on a competitive business basis.

Wages were low, though they were the best the industry could pay. Conditions in the camps were not satisfactory, but they were the best the industry could afford. There was no security for the wage-earners, because the industry could never tell when it would have to shut down for lack of markets.

Top men in the industry toured the world, seeking out markets. Eventually they built up the business to a point where they could see a little further ahead, and began to make small profits. These went into better equipment for the camps, plywood factories, pulpwood mills, better wages for the men and better and more comfortable camps—everything that would make for more efficient operations and improve the lot of the men both by higher wages and greater security.

Profits are still going into that purpose. It is the sound way of developing the free enterprise system.

On thinking back a few years, it is a good antidote when you hear the socialists screaming about excessive profits today.

(The views of W. L. MacTavish are presented in this newspaper weekly under the sponsorship of the British Columbia Federation of Trade and Industry.)

VERNON CANUCKS HAVE EASY TIME IN LAST FIXTURE

Trim / Kamloops Elks 7-2 in Final Home Game of League Schedule

(Special to Kelowna Courier)

VERNON — Showing pre-playoff fight that could carry them a long way in their quest for the Coy Cup, the Vernon Canadians walked all over the Kamloops Elks to the tune of 7-2 on Monday night in the Vernon Civic Arena in the Elks' final Mainline-Okanagan league game of the 1948-49 season.

The Elks were still stunned from the blow dealt them by Frank Becker, BCAAHA president, when four points were taken from their league total and two added to Canadians and Kelowna Packers giving the Canucks the bye into the league playoff finals.

Elks were without their high scoring centre, Cliff Mills, who is recovering from a touch of the flu and resting for the semi-finals. A familiar player handling the sticks in the Kamloops' box was Al Swaine, hoping to get into action with the Elks during the playoffs as a replacement for Bob Donald.

Swaine was one of the sparkplugs with Kamloops Hub City Leafs last year and has been playing intermediate B in Kamloops this season.

Spill Shoutout Hopes Due to car trouble, the Elks arrived at the game 15 minutes late and 10 seconds after the basic goal under way were one goal behind.

Body checking was the main theme with Dave McKay, Jack Kirk and Tom Stecyk catching opposing forwards with checks that were well timed and dangerous. Probably the best check of the night was delivered by Kirk with Johnny Loudon on the receiving end.

Both Al Laface and Walt Malahoff played brilliantly when they were pressed although Malahoff had 30 shots to handle while Laface was tested with only 16.

With the score reading 3-0, Lovett shattered Laface's hopes of a shut-out by slamming home a rebound at the 1:32 mark of the final canto.

Johnny Ursaki scored the second Kamloops' goal on a pass from McDonald and Kury.

Hryciuk, with two goals, was the best Vernon attacker, while Buzz Mellor, Loudon, McKay, Booth and McIntyre contributed the others.

During an intermission, Laface was presented with the most valuable player on the Vernon team award and another award for garnering the most stars during the season from the CJIB hot stove league.

VERNON — Laface, Neilson, McKay, Stecyk, Miller, Loudon, Hryciuk, Donald, Elliott, Keryluke, Lloyd Smith, Mellor, McIntyre, Booth.

KAMLOOPS — Malahoff, Kury, Kirk, McKay, McDougall, McDonald, Ursaki, Cook, Sundin, Lovett, Van Buskirk, Forsey.

First Period — 1. Vernon, Hryciuk (Loudon) 0:10. Penalties: Miller, Donald, Van Buskirk.

Second Period — 2. Vernon, McIntyre (Mellor) 3:28; 3. Vernon, McKay 10:32. Penalties: R. McKay, Hryciuk.

Third Period — 4. Kamloops, Lovett (Kury) 1:32; 5. Vernon, Mellor (Neilson, McIntyre) 10:15; 6. Kamloops, Ursaki (Kury, McDonald) 14:17; 7. Vernon, Hryciuk (Loudon) 18:00; 8. Vernon, Loudon 18:50; 9. Vernon, Booth (Stecyk) 18:45. Penalty: D. McKay.

SKI BOWL CHRISTIES

By SCHUSS

WHAT A PARTY!

People are funny! Some even read this. So the next time they see you they threaten all sorts of happenings that might take place. However, I always was one to see the better going on when they happen right in front of one—who am I to play ostrich?

So, last Sunday things happened and more of them. It was a "peachy" day with more people than you could shake a bent skis pole at. Snow conditions good, tow conditions good, jump hills both being used and all slopes fairly crawling with people, while other people were just plain crawling.

It was a grand day and the final tying of the blue ribbon event went to the organizers of the Valentine party held in the Chalet at the end of the day. Now, there was a party!

Uh-Huh! Around the hour of six, Doc "Prexy" Wilson bellowed and all sundry, "Pay your two-bits to Myrtle and the house is yours."

"Twas a sort of 'trip-yourself' affair and not a backward person in the mob. Anything that even faintly resembled food took a terrific beating and that went for anybody food came the hoodwink with pol that happened to be a bit slow in getting their plate filled. After the kas and square dances taking the front.

Mingled with these was the odd singsong led by that peerless baritone of the showers, HERBIE. And if JERRY CALLON had only heard JOHNNY MACALISTER'S "On the Road to Manda-Lahay" things definitely would have taken a turn for the worse. And of course, to be sure, some people went skiing, even to JOBS and CHESTER doing a torchlight slalom run from the top of the main hill.

Advance Warnings So successful was the do that another is planned for sometime in March, so all arrangements for baby sitters, dog-feeders and cut-out-ers should be made now. Doc Wilson says there should be no excuses next time.

Plans are being made for the Kelowna Ski Club Champagne to be held on the 27th. With the big time jumpers on their way to Revelstoke and the big March 6 jumping tournament stopping off in Kelowna for the weekend of the 27th. Rumor

SCRIBES, RADIO COMMENTATORS PICK ALL-STARS

Today's selections in the poll among Kelowna, Vernon and Kamloops sports writers and broadcasters to select all-star and alternate Mainline-Okanagan senior B hockey league teams are those of Jim Pantou, CKOV, Kelowna, and Al Denegrie, Kelowna Courier.

Selection of Sarge Sammartino, Vernon News; Don Warner, CJIB, Vernon; Harry Francis, Kamloops Sentinel and Keith Gagne, CFJC, Kamloops, appeared previously. The winning all-star and alternate teams as results of the poll will be published next Thursday.

It is suggested that hockey fans clip the selections out so they can be compared with those already published and with the winners.

PANTON'S SELECTIONS

First Choice

Goal: Al Laface, Vernon. Defence: Ken Stewart, Kelowna. Defence: Dave McKay, Vernon. Centre: Cliff Mills, Kamloops. Left Wing: Buzz Mellor, Vernon (Switch from centre). Right Wing: Jim Lowe, Kelowna. Coach: Johnny Ursaki, Kamloops.

Second Choice

Goal: Walt Malahoff, Kamloops. Defence: Jack Kirk, Kamloops.

has it that those people who didn't see the recent jumping tournament at the Ski Bowl, owing to a couple of wisecracks not believing signs or what they were told, are going to be invited guests at this tournament of Kelowna skiers.

But there will be more of this next time. Traffic problems on the day of the tournament have been taken out of the hands of the ski club. "Nuff said!"

A recent bulletin from the Manitoba Ski Zone headquarters advises that the Swiss ski pictures are a must for skiers anxious to see close-ups of high class technique. O'm'gosh, those are the films showing at the High School tonight. You've had it, Agnes! I'm on my way to see those pictures as of now.

See you Smoothies next Sunday.

TRY COURIER CLASSIFIEDS FOR QUICK RESULTS

FIRST SCHOOL AT MISSION BUILT IN 1894

School is being conducted in Okanagan Mission in makeshift quarters following the destruction of the school by fire a couple of weeks ago. The teachers are working under difficult conditions. Mr. McClymont's class is in the annex of the Bellvue Hotel while the classes of Miss Darn and Mrs. de Cocq are sharing the community hall, being separated by a sixteen foot partition.

The first school in Okanagan Mission was built in 1894 and consisted of a one-room log cabin behind where Vic Delfart's house now stands. The first teacher was Harvey G. Watson who is still hale and hearty and last year visited at the home of Mrs. A. Rayner Sr., who was a former pupil of his.

About two years later a new school was built on the top road, above the log cabin and to the north of O. H. Sorensen's present house.

In 1911 there were eleven pupils enrolled but by 1915 the number had crept up to 25 with a Miss Jarine in charge. In 1916 the two-room school recently destroyed by fire was built on the new site, this being considered more central.

The population of the Mission continued to grow. In 1921 the school had 35 pupils with a Mrs. Macgregor in charge. A Miss Owen was made principal in 1923 and she held this position for ten years.

During this period Mrs. Anne McClymont started teaching in the second room in 1924. She has completed her 25th year of teaching at the Mission School and has seen the enrollment grow to 123 pupils with a staff of three teachers, of which she is principal.

A new wing was added to the school in 1948 and next year it will be necessary probably to add a fourth teacher to the staff.

Rev. F. D. Wyatt returned this week from the reserve army camp at Wainwright, Alberta.

R. Browne-Clayton, M.L.A., is in Victoria attending his first session of the Legislature. He was accompanied by Mrs. Browne-Clayton and son, Dennis.

A number of Okanagan Mission residents attended the dance at East Kelowna on Friday evening. Mr. Erwin Weiss was the lucky recipient of the chest of silverware, holding the winning ticket, after previously winning two boxes of chocolates on the spot dance.

Mr. and Mrs. Wm. Boyd and daughter have returned from a business trip to California and are guests of Mr. and Mrs. Holmes Boyd.

Members of the 1st Okanagan Mission Girl Guide Company held their weekly meeting at the home of their captain, Mrs. A. F. Drake, on Monday evening. At the conclusion of the meeting the girls played games and popped corn as a special occasion, the meeting falling on St. Valentine's Day.

Mrs. Warren McIntyre has as her guest her mother, Mrs. Bradshaw, of Enderby.

Mr. and Mrs. A. Elstor are staying at the home of Mrs. Elstor's brother, Mr. and Mrs. W. McIntyre, while their home is under construction.

A large number of children and adults took advantage of the lake being frozen over, during the weekend. They found many smooth patches half a mile or more from shore in front of the Okanagan Auto Court.

Larry Hawkins entertained a number of his school friends on the occasion of his 8th birthday, Saturday afternoon, February 12. The children enjoyed skating on the lake before the refreshments were served.

Cubmaster Marjorie Thomson held her regular meeting in the form of a Valentine party for the Cubs Saturday afternoon in the Scout Hall.

MUNICIPAL GROUPS CONFUSE DATES

Even municipal bodies become confused in their meeting dates. The Okanagan Valley Municipal Association has called its annual meeting in Penticton for Wednesday, February 23rd, and a meeting of the Okanagan Valley Health Unit has been called for Kelowna on the same day. While there is overlapping both meetings will be held as scheduled. It is expected that Kelowna Council will send at least five to the OVMA, where the Penticton Council will extend a luncheon.

TRY DOUKHOBOR FOR UNLAWFUL ENTRY OF HOME

Trial of John Plotnikoff, 35, Grand Forks, on a charge of being unlawfully in dwelling house by night, is going on this afternoon in County Court before Judge J. R. Archibald, Kamloops.

Last week, Plotnikoff was committed for trial in a higher court when he appeared for preliminary hearing in district police court before Justice of the Peace T. R. Hill. During the hearing evidence showed that a masked man, identified later by Mrs. Bertha Nickel, Bankhead, as Plotnikoff, entered her home about 12:15 a.m., January 18, and demanded money. The man failed to find any and upon leaving the house, struck Mrs. Nickel a blow on the side of the head with his hand.

Plotnikoff was arrested by police the following day and later in the same day was identified in a police line-up. Harold McInerney, Penticton barrister, was counsel for Plotnikoff during the preliminary hearing.

MINOR DAMAGE IN ACCIDENTS

Minor damage was caused to a light pickup truck and a passenger car when they collided at the Water St.-Harvey Ave. intersection at 2 p.m. Saturday. The truck, owned by P. Capozzi, was driven by Basil Clary, while the owner-driver of the car was J. Folmer, Rutland. Icy road conditions were blamed for the accident.

On Sunday, superficial body damage was caused to a passenger car owned by J. A. Zdrak, Westside, when it was in collision with a truck driven by his brother, E. Zdrak, also of Westside. The minor accident occurred on the Westbank road, a short distance south of the ferry, when one vehicle was backing out of a snow bank.

BANTAM LEADERS SET HOT PACE

Chicago Black Hawks and Rutland Boston Bruins kept pace with each other in the tight bantam hockey league race last Saturday morning with one-sided wins over the two bottom teams.

The Hawks trimmed the last-place Detroit Red Wings 6-0, while the Bruins were wallowing the Toronto Maple Leafs 15-0.

On Saturday night, Kelowna's representative bantam team was held to a 2-all draw by an all-star bantam aggregation. The main feature of the night was the game between the Kelowna Rural Athletic Club and Rutland all-star squad and the Kelowna Kodiaks. Kodiaks came out on top by a convincing 9-3 count.

The outstanding performance was turned in by Jim Mellock in the all-star's goal. There was no actual count of shots on goal, but Mellock easily was the busiest boy on the ice. Tempers flared a bit in the third period, requiring all the control referee Vic Cowley had at his command.

Bantam League Standings
Black Hawks 7 1 1 15
Bruins 7 1 1 15
Leafs 2 6 1 5
Wings 0 8 1 1

HEATING OIL CAUSES FIRE

Heating oil on a stove proved costly to L. C. Anderson at 1388 Ethel St. Monday morning. The oil ignited and volunteer firemen, answering a general alarm, rushed to the scene. The blaze was put out quickly with damage restricted mostly to smoke.

GENERAL BOXLA MEETING
Election of 1949 officers and important general business is on the agenda for a general Lacrosse Club meeting at the board room, B.C. Tree Fruits Ltd., at 7:30 p.m. Monday next. The meeting is open to the public.

ONE YEAR HARD LABOR
A 24-year-old Kelowna youth, Alfred D. Marty, in city police court February 16, was sentenced by Justice of the Peace T. R. Hill and E. M. Carruthers to one year's imprisonment with hard labor for contributing to juvenile delinquency.

Charged with intoxication in a public place, Thomas Buziak was fined \$10 and costs in city police court February 14.

RESULTS WEEKLY SKI COMPETITIONS

Results of the weekly Kelowna Ski Club competitions at the bowl on Sunday follow:
Ski Bowl Standards, boys 14 and under: 1. Glen Mervyn, 18 4/5 sec.; 2. Rene Ruff, 19 1/5; 3. Billy Gaddes, 19 4/5; 4. Doug Mervyn, 21.
Girls, 14 and under: 1. Loraine White, Summerland, 17 2/5; 2. Cecile Scantland, 17 4/5; 3. Doris Christie, Summerland, 18; 4. Claire Scantland, 35 1/5.
Many Kelowna skiers this coming weekend will be taking part in the Pentleton Club tournament. However, weekly competitions will be held on the Ski Bowl hills on Sunday.

BRITISH SEA CADETS GET FOOD PARCELS

Early in December last, the Navy League of Canada sent a request to all Royal Canadian Sea Cadet Corps throughout the Dominion to send food parcels to individual sea cadets in Great Britain.
As a result, the Kelowna Corps obtained address of two British sea cadets and shortly before Christmas a parcel weighing just over 14 pounds was mailed to each of them.
Everything in these parcels was bought by the boys of the Kelowna Sea Cadets and the parcels were packed by them under supervision of an officer.
This week, Lieut. W. Charman, commanding officer of the local corps, received a letter from the cadets in Britain. One lives in Bristol and the other in Edinburgh.
The letters pointed out what the people over there are having to do without and how much they appreciate assistance from Canada.
The Kelowna Corps hopes to send parcels to two other British sea cadets a little later.

FRUIT GROWERS AT PEACHLAND HOLD MEETING

Annual Fruit Chautauqua Proves Interesting to Many Growers

PEACHLAND—The annual fruit chautauqua held in the Municipal Hall on Tuesday, was well attended with keen interest being shown in all the subjects discussed. In the afternoon the local chairman of the BCFGA, H. M. Ibbotson, introduced Bob Murray, district agriculturist for Pentleton, who in turn acted as chairman. Mrs. J. Marshall, H. R. McFarly and Lotts formed the panel of experts who dealt with many subjects from virus diseases to the fast disappearing codling moth, and the new light weight, high speed concentrate sprayers.

Use of films and slides made the meeting even more interesting than usual.
The speakers for the evening meeting were Ben Hoy, supervising horticulturist for the Okanagan, John Smith, district horticulturist at Kelowna, George Brown, secretary of B.C. Tree Fruits, and Dr. J. C. Wilcox. The subjects discussed were thinning and pruning and irrigation, with the growers asking many questions on disking, irrigation, cover crops, new varieties of fruit, ways and means of getting rid of morning glory, Canada thistle and sow thistle.
Questions were asked about the chemical thinning of fruit and Dr. Wilcox showed different types of nozzles and connection for sprayer systems as well as a series of slides showing methods of pruning and various stages of soil erosion.

HOUSE OWNER COMPLAINS OF NEW REPORT

Objects to Report of Council Discussion in Mimeographed Sheet—No Complaint of Courier Report
R. C. McManus, owner of a house on Abbott Street, appeared before the City Council on Monday night and complained regarding the report concerning his house which appeared in the local mimeographed sheet. A week ago, the house had come up for discussion as the builder had never been given final inspection clearance by the fire marshal and the city was complaining. The builder had sold the house to Mr. McManus and the council was of the opinion that some action should be taken to protect buyers of new houses.
The reason the final inspection papers had not been issued was because of the unfinished condition of the fireplace chimney in the basement.

The mimeographed sheet reported that "The home was stated to be a good looking outside but terrible inside." It was of this Mr. McManus complained, claiming it would hurt his resale value.
His Worship replied that City Council had no control over the remarks the press might make, and Mr. McManus replied he had discussed the matter with Mr. Kerry who claimed the words were those of one of the aldermen.
Aldermen Roadhouse and Parkinson, who had been present at the meeting, assured him the words had not been used by a Council member.
The condition complained of in the chimney had been covered off by the Mayor reported, and the final permit issued, so the house is now in good standing and meets the requirements of the city by-laws.
Mr. McManus made no complaint about the report carried by The Courier.

MAY REMOVE 'PHONE FROM FERRY WHARF

Minimum Monthly Revenue Not Coming from Telephone, Trade Board Informed
Sections from Westbank to the ferry wharf, as they are off by telephone with the city, the Board of Trade learned this week.
At Tuesday night's executive meeting it was revealed that the only phone serving the whole area was in danger of being taken out. It is presently installed in the snack bar at the ferry wharf.
By special arrangement before the pay phone was installed, a minimum of \$10 monthly revenue must come from the phone. At the present time monthly revenue is well below that figure and the owner of the coffee bar has been paying the balance out of his own pocket.
The trade board felt that the telephone on the other side of the lake is a necessity but not at the expense of a private individual. The matter again has been referred to the telephone company and the public works department and support of the Westbank Board of Trade has been sought.
Sometime ago the public works department had a telephone at the ferry wharf but it was finally removed after it had been tampered with and damaged several times. The present phone was installed after several representations were made by the Kelowna Board of Trade.

BLANK MIND NO EXCUSE
VANCOUVER (CP)—A plea that his mind went blank after a drink: about failed to keep a local man from jail. He was awarded a year's imprisonment for breaking and entering a hardware store and pool room.

FINISH HIGHWAY
YELLOWKNIFE, N.W.T. (CP)—Completion of the Grimshaw-Great Slave Lake Highway is expected this summer. It will enable heavily-loaded trucks to transport goods the year round to the south shore of Great Slave Lake from where they can be moved here by water.

MRS. M. FFOULKES TRACES HISTORY UNION LIBRARY
PEACHLAND—Mrs. M. Ffoulkes, librarian of the Okanagan Valley Union Library was the guest speaker at the Valentine tea held by the Peachland Women's Institute on Friday, February 11, in the municipal hall. Mrs. Ffoulkes made an interesting story of the start of the library and the service it has given to the present time.
Thirteen years ago the aim was to serve 27,000 with a start of less than 1,000 books donated by the Carnegie Library Fund. Books were acquired on loan from the provincial library at Victoria, and the taking over of municipal libraries in

SCHOOL PUPILS GIVE CONCERT AT PEACHLAND

PEACHLAND—In a hall gaily decorated with red and white streamers and hearts, the students' Council sponsored a Valentine dance and concert on Friday, February 11, in the athletic hall. The concert was planned and arranged by the students with no help from the teachers, and drew a good round of applause and good laughs from the audience. Gary Topham made a good chairman, keeping the program running very smoothly. An amusing recitation was given by Alvin and Kay Williamson, Mrs. W. E. Clements at the piano. A group of high school girls sang two pleasing songs which were followed by a spirited square dance by a group of the younger pupils. Two negro songs by a number of boys made up as Negroes were well received and drew laughs as did a reading, "Levin'sky at the Wedding," by P. C. Gerrie. A solo beautifully rendered by Betty Manning called for an encore, and a fashion show of fur coats, suits, and bathing suits from great-grandmothers' time to 1949 brought to a close an amusing and happy hour. The dance which followed with the local orchestra, supplied with a good crowd on the floor. Supper was served by the members of the Students' Council.
L. B. Fuls can attest to the fact that the fish still bite in even the coldest weather. On Friday afternoon, February 11, one of the coldest days, he had a strike of Trepanier, and after a good fight he brought in one of the largest fish of the year. Weight 23 pounds, 39 inches long and 9 inches across. Packed in ice, he has had it outside the store for people to see.
Word was received by Mr. and Mrs. P. G. Gaynor that their son, Ordinary Seaman Pat Gaynor, was to go on the "HMCS Crescent" to China.

MOTORCYCLE CLUB NEWS

An account of the district meeting of the American Motorcycle Association, held on January 21 in the clubhouse of the Greater Vancouver Motorcycle Club, was related by our two representatives to the meet, president Ray Barber, and Henry Tait.

John Horkey, travelling representative for the association, gave a very interesting account of the 1948 A.M.A. activities. He also discussed the matter of "open mufflers" and how they are "welcomed with open arms" across the line. So take heed fellow!

Word was received from the Kelowna Athletic Round Table that the K.M.C. placed fourth in the ticket selling contest, and will receive about \$70.

The first Club run for 1949 was held on February 13. This event was our annual "Snow Run."

MORE CAREFUL DRIVING
EDMONTON (CP) — There were only seven traffic deaths in Edmonton during 1948 compared with 13 in 1947 and 12 in 1946.

See Monday's Courier for news about playoffs, skating schedule, etc.

SCANT FRACTION OF INCH SPELLS LOSS FOR KHS

School Curlers Gain Second-Place Tie with Three Wins and One Loss

Three wins and one loss—the all-important tiebreaker in the hands of Trail's McNaughton rink that eventually won the title—was the record for Bob Busch's High School rink in the B.C. High School Curling Championships at Nelson last weekend.

Only about one-eighth of an inch made the difference between victory and defeat in KHS's last game of their round-robin series. Going into the wind-up against Trail (both were undefeated at this point) the Kelowna lads were confident they would reach the finals.

However, McNaughton soared into a 6-1 lead right at the start and was leading 7-3 with two ends to go. Busch sparked his rink to a nice tie in the next end to tie the count at 7-all. But Trail gained the single point in the last end by a scant fraction of an inch to take the game 8-7.

But, Ken Moore, Pat Carew and Tommy Bobb had to settle for a second place tie with Rossland. The curling scholars reported Nelson hospitality was of a high plane and their only best was the painfully slow trip both ways by train, with snowslides and other causes delaying schedules several hours.

In their first game, on Friday night, the KHS boys trimmed Kimberley 9-5. On Saturday they bested Grand Forks 7-4 and Salmo 10-6.

Before leaving Kelowna for the provincial championships, both Bob Busch and Ken Moore placed their respective rinks to victory in the high school curling league that concluded early in the week.

Busch capped the A Event while Moore was the best in the B Event. The two winning rinks were presented with trophies purchased by high school curlers themselves. Members on the winning crews each received a miniature for permanent possession. The trophies are for annual competition.

NOTICE TO THE PUBLIC

Notice is hereby given that all charge purchases made on behalf of the Kelowna Senior B Hockey Club must be covered by the Kelowna Senior B Hockey Club registration form, duly signed by Mr. W. Spear, President of said hockey club, and presented by purchaser at time of purchase. The Kelowna Senior B Hockey Club cannot and will not be responsible for any debts incurred by anyone who does not have a valid registration form as outlined above.

MILLS CAPTURES SCORING RACE; STEWART NEXT

Four-Point Technical Loss Leaves Kamloops Elks Entrenched in Second

The BCHA verdict of last week that saw Kamloops Elks lose four points for playing an ineligible player and Vernon Canadians and Kelowna Packers gain a pair of points, left the Canucks at the top of the Mainline-Okanagan senior B hockey league with a seven-point lead over the Elks. Packers wound up the schedule with 27 points, four behind Kamloops.

Official final standings as given out by Ed Sherwood, Vernon, official scorer, yesterday, follows:

	P	W	L	T	F	A	Pts
Vernon	32	18	12	2	159	123	38
Kamloops	32	14	15	3	163	163	31
KELOWNA	32	12	17	3	143	181	27

Hard-shooting Cliff Mills, Kamloops centre ace, won the scoring championship with 40 goals and 37 assists for 77 points, nine better than the 48 total of defenceman Kenny Stewart, Kelowna's playing coach. Mills' 40 goals was way out in front, exceeded by the 23 tallied by both Wilt Sherwood of Kamloops and Buzz Mellor of Vernon.

Stewart capped the assist race with 28, eight better than Kamloops' Johnny Ursaki, who closed with 21 tallies.

	G	G	A	Pts	Pen
Mills, Kamloops	31	40	17	57	22
Stewart, Kelowna	31	19	29	48	32
Mellor, Vernon	27	23	20	43	33
Courle, Kelowna	27	15	25	40	6
Cook, Kamloops	31	23	16	39	18
Hoskins, Kelowna	30	21	12	33	14
Ursaki, Kamloops	30	12	21	33	22
Van Buskirk, Kam.	32	15	17	32	2
Kryciuk, Vernon	32	17	14	31	66
Booth, Vernon	26	16	14	30	24

* Does not include match misconduct penalty.

SATURDAY
Senior B Hockey Semi-final — Second game of best of three series, Kamloops Elks vs. Kelowna Packers, 8:30 p.m.

HOIST TRAILER DECISION

The request of J. E. Fitzgibbons that he be permitted to use a motor trailer as a place for his used car lot at the corner of Pendol and Leon was shelved by the City Council on Monday night, pending a report from the sanitary inspector.

Mr. Fitzgibbons stated that the erection of an office building was impractical as he only had a month-to-month lease on the property and was subject to eviction on 24 hours notice.

Laface Stymies Packers' Plans for Victory Gift On Kenny Stewart Night

Kelowna Packers are Kamloops bound this afternoon for the first game in the best of three Mainline-Okanagan senior B hockey semi-finals. They are determined to take the all-important first tilt and do the same when Elks host the second game here on Saturday night.

That same determination was one of the highlights of Tuesday night's last league game when the Vernon Canadians survived terrific last period pressure to edge the Kelowna Packers 4-3 and spoil any hopes the Orchard City boys had of handing their playing coach, Ken Stewart, a victory—a special gift for a special guy during the special "Kenny Stewart Night."

But the Packers were denied their purpose by another scintilla of luck in his own ranks—one Al Laface. In the battle between the "Most Valuable Players" the nod went to Laface.

Though minus two first stringers, the Canucks survived and outplayed the Canucks in the last period but could only get two of their 20 shots past the brilliant Vernon netminder. The last three minutes of the game produced the most exciting finish seen in Kelowna this season.

Terrific Wind-up
Laface, who in Vernon Monday night was presented with the Vernon most valuable player award, was the stumbling block that stymied a dream outcome for the ex-triumphant Canucks.

Hard-pressed even at full strength during the finale, Canucks were really on the spot at the 17-minute mark when Johnny Hryciuk, who scored the winning goal early in the period, got his second penalty of that period.

For the next two minutes, Vernon's chances of holding on to the margin hung on a thread and Laface's almost unbelievable canny.

With one minute to go Roy Worrall was taken out of the Pack's net in favor of another attacker, but the Canucks storming assaults and team upon team pile-ups in front of Laface failed to produce the equalizer.

Johnny Loudon had a clear shot from centre over the open net but he missed it by three feet.

Showered With Gifts
In addition to being showered with gifts—everything from a hair-cut to two tickets to the local merchants and fans, Stewart was presented with the Mor-Eeze Trophy, the most valuable player award for the Kelowna senior hockey team.

Presentation was made during the first intermission by Mayor Hughes-Games. "You have set a standard of sportsmanship that will not be easily forgotten," he said.

A cutter-load of gifts appeared on the ice and to the tune of "For He's a Jolly Good Fellow" from the Junior Band, Stewart was given a ride around the rink.

The capacity crowd of 2,200 fans joined in enthusiastically with thundering applause and the "Jolly Good Fellow" lyrics. Pen and pencil sets also were presented to Bud Gourlie (in absentia), Roy Worrall and Herbie Sullivan as runners-up for the most valuable player award poll in that order. Later in the game the fans were just as generous in their applause for Gordie Laface.

Stewart, alluded to freely as "Ironman Stewart," showed his mettle early in the final canto when he stickhanded his way the entire length of the ice and through the whole Canucks' team to beat Laface with the prettiest goal of the night.

Courtesy Broadcast
He also helped in another to match Gordie Smith for the point-making honors of the night. No Vernon player was able to garner more than one point in the night's play.

Tonight's game from Kamloops will be broadcast over CJIB, Vernon, with two Kelowna firms sponsoring periods as a courtesy to Kelowna and district hockey fans. The sponsors will be Kelowna Motors and Kelowna Sawmill and S. M. Simpson Ltd. Broadcast time is 8:30.

Tickets for Saturday's playoff tilt here went on sale 9 a.m. today. Holders of season tickets will get first choice on the seats they used during the campaign, but if tickets are not purchased by tomorrow night, the seats go on public sale Saturday morning.

FROZEN FLURRIES — BUD GOURLIE and FRANK HOSKINS both were too ill to play Tuesday but they will see action tonight, even though not in the best of condition. . . . Big DAVE MCKAY, Vernon rearguard and captain, had to retire from the game in the second period with a charley-horse. . . . Seconds before he had sent GORDIE SMITH, the "India Rubber Man," flat on his back with a terrific body check in centre ice. McKay remained upright after the check, skated over to the players bench and then his leg folded under him.

For the third Kelowna home game in a row against Vernon, BUZZ MELLOR went scoreless. . . . Penalties came in bunches at times with Vernon getting six of the eight handed out. . . . Near the end of the second, both teams were down to four men for a short time. . . . Vernon's third and fourth tallies were scored while HERBIE SULLIVAN was sitting out a tripping call. . . . Final marker of the night was hung up by JIM HANSON while REINIE MILLER won in the sixth.

"COWBOY" MADDOCK, playing more than at any other time this season, and SMITH both turned in creditable performances. . . . Vernon's third and fourth tallies were scored even at 13-all in the second and 20-12 in Kelowna's favor in the finale.

If a third semi-final game is necessary, it will be played in Kamloops Monday night. Winner will meet Vernon in a three-out-of-five final for the league championship starting at Vernon on Monday or Wednesday.

KELOWNA Worrall; Stewart, Hanson; Sullivan, Lowe, Johnson, Subs—Reeves, Witt, Maddock, Mirtle, Smith.
VERNON — Laface; McKay, Miller; Hryciuk, Loudon, Donald, Sullivan, Nelson, Stecyk, Les Smith, Kery-

Apply Both Old and New Types of Spray Chemicals with This New Hardie Air King

Both high pressure and low pressure discharge booms, standard equipment on the new Hardie Air King orchard sprayer, enable the owner to apply concentrates or semi-concentrates with the proper high pressure atomization, or to employ the large gallonage application of conventional sprays, as desired. Also hand guns may be used for clean up and spot spraying when over wanted.

Here is the complete range of performance you have wanted in an air blast sprayer. Records show that one operator sprays 4 acres or more per hour with the Air King. Controls are positive in action and easily operated by the driver of the tractor. Come in and see for yourself. Prompt delivery.

Sylvaply * Sylva-Craft * Sylva-Tile PLYWOODS

The Best in Plywood for every purpose

"Sylvaply" is a hot pressed resin bonded plywood suitable for all exterior, interior and marine uses. Sylvaply plywood has a multitude of uses around the home. Use it for cupboards, built-ins, walls and ceilings, outside siding, wall sheathing, roof sheathing or as a base for your linoleum or carpeting.

"Sylvaply" is an excellent building material for boats, furniture, store fixtures, toys, signboards, barns, chicken houses, feed and water troughs and numerous other requirements. Few materials offer such scope and variety for the skill of the builder and painter as does SYLVAPLY WEATHER-BOARD PLYWOOD.

Sylvaply WEATHER-BOARD Extra Long Job Length Panels

Giant sheets of plywood for interior and exterior uses, in Job Length sheets of 12 to 40 feet lengths. New Job Length Panels speed construction, eliminate joint details and offers hundreds of time saving applications for architects, builders and industrial users. Available on special order.

Craftsmanship made easy with SYLVA-CRAFT

An advanced development in the technique of plywood manufacture that adds character and smart design to Sylvaply wall panels.

Sylva-Craft Panel No. 102 has a pattern of two 5/16 beads spaced at 12" centres and impressed lengthwise on the panels. The pattern allows for invisible joints without the use of battens, mouldings or fillers.

Sylva-Craft is a versatile panelling, being suitable for living rooms, playrooms, basement rumpus rooms, offices, or any place where a durable, beautiful panelling is required.

KSM HOME PLANNING TIP NO. 2

One of the first things to do is decide how much money you can afford to spend on your new home. Do not set an exact figure but rather set certain limits within which you can safely work, and in this regard it is advisable to allow a 10 per cent margin for emergencies. As your planning proceeds you may find certain additional features which you may wish to include, but be sure to draw a clear line between luxuries and essentials. Once you get down to actual figures you may find that you will have to sacrifice quality in favour of certain features which you desire, but it is better to have a sound four room bungalow than a poorly finished five room house constructed of cheap materials.

WINFIELD

On Thursday of last week while Ralph Berry Jr. was driving on the main highway along Duck Lake in a blinding snow, whipped up by a strong wind, he was in a head-on collision with the government snow plough.

Visibility was so poor Ralph had stopped and turned on his lights. Minutes after the accident occurred. Damage to the car was extensive but the occupants, Mrs. Ralph Berry Jr., daughter, Margaret, and the driver's sister, Mrs. H. Roberge, received only minor bruises.

On Sunday afternoon the congregation of the Winfield United Church met in the Winfield School and a committee was formed to draw up plans for a new building to replace the one destroyed by fire. This committee is meeting at once and plans will be submitted to the congregation in the shortest possible time.

Arrangements for the holding of services will be made at once and notice will be given as soon as they are completed. A subscription list has been opened under the chairmanship of John McCoubrey.

Miss Jane Weddell's Grade 2 class which had been holding regular school classes in the United Church Sunday School will operate on shift with Miss Helen Jackson's Grade 1 class in the Winfield elementary school.

SHOWER GIVEN FOR OYAMA GIRL

OYAMA—A miscellaneous shower was given at the home of Mrs. R. White in honor of Miss Marion Myers, whose marriage takes place early in March.

The gifts were hidden under a table covered with a lovely large cloth and Miss Myers was given a ball of string which she had to wind up, following it all around the house until she found the gifts.

Following the opening of the gifts, a most delicious buffet supper was served by Mrs. White and a number of friends of the bride-to-be.

A sing-song around the piano was enjoyed by the guests who numbered about thirty-five.

The regular meeting of the Kalamanka Women's Institute was held in the Community Hall on Thursday, February 10, president, Mrs. H. Aldred in the chair and nineteen members present.

The Institute will sponsor the National Film Board showing on March 22 in the hall and will hold its annual friendship tea in the hall on March 17th. Mrs. Shaw-McLaren, Mrs. Tucker, Mrs. W. Dunlop and Miss V. Hromek are convener.

K.W.I. has donated \$20 to Vernon Jubilee Hospital Fund.

A demonstration of finger weaving given by Mrs. E. Allison, was the highlight of the afternoon and was much enjoyed. She had with her a number of samples of her own work.

**SPORTS
CAMERA**

(Specially Written for Courier) By WALLY IZSAK

Turn to the sports pages of any Canadian daily newspaper and chances are you'll be reading some writer's views on a new controversy.

There's nothing like controversy to whip up reader interest, and as soon as some sports official makes a debatable statement thousands of words are written and gallons of printer's ink spilled either in favor of the comment or against it.

The latest titbit being tossed around is J. J. (Tiny) McFayden's remark about modern hockey rules.

McFayden, president of the Ontario Hockey Association, recently charged that hockey rules were made by the National Hockey League "to suit the American public, which doesn't know anything about hockey, and we have to suffer."

He also claimed that American fans would rather see a fight among the players than good passing, or good offensive and defensive play.

His remarks were not new. Many fans had claimed this a long time ago. But it was the first time any prominent hockey figure has been so outspoken, and it brought on a lively exchange of views.

Sports writers, hockey officials and fans immediately came through either with commendation or criticisms for his stand.

Hockey officials, including owners, managers and coaches, were almost unanimous in disagreeing with

him, although several did go so far as to agree that refereeing did need tightening up.

President Clarence Campbell of the N.H.L. suggested that midget and juvenile players use a different set of rules, reverting to the old outside pass rule to better their stickhandling before graduating to the N.H.L.

"The rules are all right," he said. "Players are developed so quickly today that it may come to the point where we may have to institute two sets of rules. By that I mean have youngsters in midget and juvenile hockey play the old rules of the outside pass . . . to improve their stickhandling before they move into professional hockey."

Bill Tobin, president of the Chicago Black Hawks said that "there's nothing wrong with the rules. It's just the different interpretations placed on them by referees. Their inconsistency is appalling."

Majority of fans, too, disagreed with McFayden and found little fault with the existing rules, although some felt there was too much rough play and too frequent whistle blowing.

The people who did find fault with the rules did so mainly because of the "scrambling" style of hockey today. They claimed they missed the pattern passing of the old days and the individual brilliance of the players.

That there was too much high-sticking, boarding, charging and tripping, was the general opinion of most fans.

NO GOODS—NO TRACE MONTREAL (CP) — H. C. Bochnick who wanted a large wooden case moved recently, hauled a passing light red truck and gave the driver the case, instructions and one dollar. That's the last he saw of his belongings, and he didn't get the truck licence number.

GLENMORE

GLENMORE — It was incorrectly stated in this column last week that four sons came for the funeral of G. H. Watson. It should have read four brothers.

Mr. and Mrs. L. Weist were hosts to the Glenmore citizens' forum last

Friday evening.

Mrs. Ivor Newman left for Sicamous on Tuesday to meet her husband who has been in the East for the past four weeks attending fruit conventions in Saskatoon, Ottawa, Montreal and Quebec.

Beef Crescents—made with Magic

Combine 1 1/2 c. minced cooked beef, 1 c. chopped carrots, 1 finely-chopped small onion; moisten with chili sauce, ketchup or gravy. Mix and sift into bowl, 2 c. once-sifted pastry flour (or 1 1/2 c. once-sifted hard-wheat flour), 3 tsp. Magic Baking Powder, 3/4 tsp. salt, 1 tbs. granulated sugar. Cut in finely, 3 tbs. shortening. Mix 1 beaten egg and 1/4 c. milk. Make a well in dry ingredients, pour in liquid and mix lightly with a fork. Roll dough out to 1/8" thickness; cut into 4" squares and cut each square diagonally, corner to corner, making triangles. Brush with melted butter. Place a spoonful of beef mixture on each triangle at centre of long edge. Roll up and shape into crescents. Bake on greased pan in hot oven, 450°, 12-15 minutes.

"Save on Desserts WITH CARNATION MILK"

SAYS MRS. R. V. ARNTFIELD, DIETITIAN, OF PORT CREDIT, ONT.

Garden of Eden Pie

Delicious... and it costs so little!

It tastes gorgeous—it looks expensive. Yet this wonderful pie is easy on your budget. A thrifty desire temperance—if you follow the recipe exactly, and use Carnation Evaporated Milk. Carnation's velvet bland recipes appear often on menus of women like Mrs. Arntfield, graduate dietitian with eleven years' professional experience, and mother of a sturdy Carnation baby boy. These food experts know that all Carnation dishes are economical mealtime bits. Try Carnation!

Garden of Eden Pie

Pastory for 9-inch pie shell 1/4 teaspoon (each) cinnamon and nutmeg
1 cup Carnation Milk 1/4 teaspoon salt
1 tablespoon lemon juice 2 cups finely-chopped apples
1 cup brown sugar 2 cups raisins; ground
1/2 teaspoon mace

Line 9-inch pie-pan with pastry, fluting the edges. Mix Carnation Milk, lemon juice, sugar, spices and salt. Add fruit, pour into unbaked pie shell, and bake in hot oven (450°F) 10 minutes to set crust; then reduce heat to moderate (325°F) and bake about 40 minutes, until filling is set.

"from Contented Cooks"

TAXI DUCK-HUNT—The season for duck-hunting is over, but it's doubtful whether cable Neville Salvador will be hurt into court for killing this three-pound whistler. Lost in the fog, in Montreal, recently, it crashed into the windshield of his cab.

GIRL GUIDE NOTES OKANAGAN CENTRE

Plans for the coming Boy Scout-Girl Guide Week were completed at the regular meeting of the Girl Guides on Monday. The week will be observed from February 20 to 27.

On Monday, February 21, the mother and daughter banquet will be held in the Scout Hall, at 5:30 p.m. The patrols that are preparing should be at the hall at 4 p.m.

The party for the Guides by the Kelowna Scouts, will be held Wednesday, February 23, at 7 p.m.

On February 27, the church parade will be held. The local association of the Girl Guides will hold a rummage sale in the Orange Hall, on February 26 at 2 p.m. Proceeds of this sale will be in aid of the camp-site fund. Donations to this sale may be left at Capozzi's Cash Grocery, Fumerton's and at the home of Mrs. C. Ghezzi, 2089 Penderol St.

During this week, special attention should be given to your uniforms.

OKANAGAN CENTRE — The regular monthly meeting of the Okanagan Centre Women's Institute took place last Thursday afternoon at the Community Hall with the vice-president, Mrs. Hunter in the chair.

A new standing committee on public health was formed and Mrs. R. Brixton appointed convener. This committee will assist in the work of the school physician and nurse arranging for clinics, inoculations, etc.

A number of bundles of used clothing for European relief were received which added to what has already been collected, will make up a shipment of over a hundred pounds to be sent this week to a shipping point in Vancouver.

Mrs. Macfarlane read a most interesting letter from the Institute's new friend in England, an ex-president of a large Institute at Stowbridge, Worcester. Discussions on various projects planned for the near future and a roll-call on household hints, which proved quite helpful as all members responded, filled a long business session, after which tea was served by Mrs. Macfarlane and Mrs. Venables.

Mr. and Mrs. B. F. Baker have with them for several months, their daughter-in-law and her small daughter, from Victoria. Their son, Brian, is on duty with the navy on the South American cruise.

Bad weather and roads prevented a good attendance at the meeting of the Citizens' Forum last Friday evening, but it is hoped that conditions will be better and that a full attendance will be possible this Friday when Mr. and Mrs. H. Gled will be hosts at their home in the Centre.

Mr. and Mrs. Herb Drought are being congratulated on the birth of a daughter.

DO'S AND DON'TS

Hope you don't think I'm trying to muscle in on Dorothy Dix's territory, but a young reader (male) has written for I propose to picture a few of the situations which arise in most marriages and the correct and incorrect solution for husbands. Let's just try one of those to get the idea.

This is a question no man can hope to answer in general terms. Instead, just to help the kid who is trying to picture a few of the situations which arise in most marriages and the correct and incorrect solution for husbands. Let's just try one of those to get the idea.

Situation: You are invited to dinner by your own boss. For obvious reasons, you think you'd better go. Your wife says she can't possibly go because (a) she needs a permanent wave and (b) she simply hasn't a thing to wear.

Incorrect solution: Go to the wardrobe closet, fling open the door and show your wife that she has, indeed, several dresses. Ask her why in blazes she can't do her own hair like a certain attractive wife of a friend. Tell her that beauty is not in clothes or in a permanent wave, but in the certain attractive wife of your acquaintance. Tell her you're darn well going to this dinner whether she likes it or not. And that's that! Give her the dough and shut up.

Now for our second lantern slide. Situation: Your wife complains that you are no longer polite to her. You speak rudely and have lost those little ways you had before you were married.

Incorrect solution: Remind your wife that she is forever talking about certain movie stars who treat their women like apache dancers. Tell her that her idea of real romance is to watch George Raft shove a half grapefruit in some doll's face. Point out that she is constantly saying she wished she'd married some rough, tough he-man, but when you open your mouth to speak up like a big boy she breaks into tears. Ask her how many 50-cent she's invested to watch Humphrey Bogart treat his women rudely.

Correct solution: Be more polite.

Still another frequent domestic storm involves what program to listen to on the radio. You want to listen to a ball game, your wife wants to hear a certain drama starring Eric Flintheart, or some other such name.

Incorrect solution: Dial the ball game. Explain to your wife that she d - - - well has the radio on from early morning until night and can listen to what she pleases all day while you are slaving at the office and surely it's not too much to ask to have something on that you want to hear for a change.

Correct solution: Read the ball game results in the newspaper. This brings us to the occasional purchase of hats by wives, usually unbelievably frivolous numbers, which cost outrageous prices. In this situation your wife waits until she feels you are psychologically ready for the shock, then comes out of the bedroom wearing the new lid.

Incorrect solution: Remind your wife that there is a grave responsibility of running out of money before the end of the month and that it is anything but sound economics to buy a hat at this time, especially one as frenzied as that.

Correct solution: Admire the hat and shut up.

NEW WESTMINSTER, B.C. (CP) — The Dominion has invested more than \$20,000,000 in British Columbia to settle 4,197 men under the Veterans' Land Act. Officials said 3,188 B.C. veterans are on small holdings 955 are fulltime farmers and 76 commercial fishermen.

BOY SCOUT COLUMN

Plans for the Boy Scout - Girl Guide Week are occupying the minds of most Scout leaders and officials these days. In addition to the district church parade to be held Sunday, February 17 at St. Michael's and All Angels' Church, and the Kelowna Catholic Church at 11 a.m., various troops are planning for inter-troop visits and parents' nights, etc. The association is looking after publicity in newspapers and over the radio, and the Scouters Council is trying to arrange for speakers to talk to service clubs during that week. Any club desiring a speaker should contact Scoutmaster George Yochim of the 2nd Kelowna Troop, or Frank Hyland, association secretary.

Plans for a leadership training course were discussed on a recent visit from Field Commissioner Jack Servisier. The course will be held early in March, and will be for present leaders, prospective leaders and group committeemen, and will take up both Scout and Cub work.

LING SING JOINS CANADIAN SCOUTS

Young Ling Sing, recently arrived in Vancouver from China, speaks no English, but has become a full-fledged Boy Scout in the 32nd Vancouver (Chinese) Troop. His Scoutmaster, William Sinclair, can speak no Chinese, but taught Ling Sing his Tenderfoot tests through Canadian-born members of the Troop who speak both Chinese and English. There are now 18 Scouts in the 32nd Vancouver Troop, all Chinese, all in full Scout uniform and a credit to the Boy Scouts Association.

JAMBOREE APPLICATIONS BEING

Enthusiasm is keen among Canadian Boy Scouts for the first Canadian Scout Jamboree to be held near Ottawa next July. Prince Edward Island hopes to send 35 boys; N.S. 140; N.B. 175; Quebec has 150 registrations to date, Ontario has 361 applications; Manitoba 96; Alberta 200 and British Columbia 290.

SCOUTS ATTEND OPENING SESSION

Six Ottawa Boy Scouts attended the opening of Parliament on January 26. Two were invited to the Senate by The Honourable Minister of the House of Commons by the Sergeant at Arms.

TWO COUGARS, COYOTE FALL TO HUNTERS

WILSON'S LANDING — Two cougars and a coyote bit the snow here recently due to the parking of the game of Percy Rankin of Glenmore and Sam Lee of Rutland. In all, the hunters spent three days trudging through deep snow on the trail of predators. They took the carcasses to Kelowna when they returned.

The snow here has deepened

every week and those living in this area are who depend on the road for getting their supplies from Kelowna are waiting for a grader to clear the highway. In its present condition the road is impassable for ordinary car traffic.

LET M-P WINDOWS GIVE YOUR HOME A CHARMING YET PRACTICAL LOOK...

Let M-P Windows give your home a charming yet practical look.

Modernly designed to add spaciousness, light and beauty to your home, M-P Windows are still essentially practical.

When bought as a unit, weatherized frame and window, they present a pleasing weather-tight and durable front to the world—and a charming aid to gracious interior decoration.

Creators of many distinctive window styles, both modern and conventional, M-P Products Limited also manufacture a full range of garage, exterior and interior doors and frames.

Whether you plan to build or remodel, see your friendly M-P dealer first, and let him help you select the M-P Windows best suited to your needs.

True-square frames make M-P Windows easy to open.

Petty lock holds putty firmly in place. Weather check prevents water creeping under window sill.

True-square precision built M-P frames mean windows always fit perfectly.

KINETTES GREET RECENT ARRIVAL

Mrs. G. Gowan, a recent arrival to the city was welcomed to the Kelowna Kinettes Club, at a dinner meeting of that group, last Tuesday, in the Royal Anne Hotel.

Following the business meeting, the twenty-five members present were shown three films, "Child Welfare in Sweden," "The History of X-Rays," and "The Toronto Symphony Conducted by Sir Ernest McMillan."

RELIEVE PAINFUL SINUS HEADACHE

Put a few drops of Vicks Vapo-Rol in each nostril. Refreshing relief comes fast!

VICKS VAPOROL

Hither and Yon

The Walther League of the Lutheran Young People's Association were hosts at a Valentine party Sunday evening, at the home of Mr. and Mrs. J. E. Ochs, Vernon Road.

The party was in charge of the entertainment committee of the league, Alfred Huff, Gladys Oldhaver, and Ruby Rauch.

Miss Linda Huff, a new-comer to the Orchard City, was honored at the party, on the occasion of her birthday, and was presented with a birthday cake from her parents, Mr. and Mrs. E. Huff, of Togo, Sask.

Mr. and Mrs. Ralph Daniels and their family, left the city on Monday, for Fort Langley, where they plan to make their home.

P. Rankin and S. M. Lee have returned to the city, after spending three days at Wilson's Landing. They returned with two cougars and a coyote.

Mrs. George Horton of West Vancouver is a guest at the home of her brother-in-law and sister, Mr. and Mrs. Harry Witt, Abbott St.

Rev. W. W. A. Edmon left the city Sunday for Edmonton where he is attending a meeting of the Board of Directors of the Lutheran Church, (Missouri Synod) at Concordia College.

Mr. and Mrs. Roy Fonseca have returned to their home in Osoyoos, after a visit of several days to the city, where they were guests at the Willow Inn.

Mr. and Mrs. J. Vannieson of Oliver are guests for a few days at the Royal Anne Hotel.

Mr. and Mrs. V. E. Woodman and their daughter, Sherill, of Vancouver, are visitors to the city for several days, guests at the Royal Anne.

"Suffered much with constipation"

Famous cereal helps where "remedies" failed

Are you among those who long for constipation relief? Then read this unsolicited letter:

"I tried several remedies but could not get this old trouble. One day I was told I should try KELLOGG'S ALL-BRAN. I began to eat this cereal regularly. And without exaggeration, I turned out to be perfect for me!" H. Mason, 5727 9th Avenue, Rosemount, Montreal.

If your constipation is due to lack of bulk in the diet, you too may find lasting relief! Eat a daily portion of KELLOGG'S ALL-BRAN and drink plenty of water! ALL-BRAN is not a purgative, but a wholesome regulating cereal. Eat an ounce as a cereal or in muffins for constipation relief. If after using a package you are not entirely satisfied, get double your money back as guaranteed on the package. Buy delicious ALL-BRAN from your grocer today. Made by Kellogg's of London, Ontario.

MRS. A. H. HOOPER KELOWNA MAN HEADS BOYCE IODE CHAPTER

Active Year of Community Work Reviewed at Annual Meeting

Mrs. A. H. Hooper was elected regent of the Mary Ellen Boyce Chapter, IODE, at the annual meeting of the body held at the home of Mrs. Brown, Bernard Avenue.

Other officers elected included: 1st vice-regent, Mrs. Earl Wilson; 2nd vice-regent, Mrs. Allan Lamsdowne; secretary, Mrs. A. E. Clinton; treasurer, Miss A. B. Henderson; educational secretary, Mrs. Edward Bligh; social secretary, Mrs. Wm. Sandborn; ex-service personnel, Mrs. Wallace; post war convener, Mrs. Wm. Love; films, Mrs. E. Phillips; child welfare, Mrs. R. Wilson; press and publicity, Mrs. E. Wilson; C.N.I.E., Miss A. B. Thompson.

It was reported that during the past year clothing valued at \$250 and cash of \$60 had been collected for the emergency B.C. flood relief. \$10 had been given to the Canadian National Institute of the Blind and Mrs. E. Tasker had attended all meetings of that body while members had helped to supply and serve lunches for these social evenings.

The Kelowna War Memorial Fund and the IODE 2nd national war memorial fund had each been given \$25, while \$10 had been sent to the Kelowna Standard-Bourier memorial fund; \$10 to the local girl guide association, \$59.38 had been spent on overseas parcels, two parcels a month are sent to two elderly English ladies, twenty bed-side bags had been filled and sent to a children's hospital; \$50 had been given to the Lloyd-Jones home for kitchen purposes and \$5 had been donated to the local film council.

\$549.90 had been collected on the Alexandria Rose Tag Day, this amount being shared with the Dr. Knox Chapter, IODE.

Mrs. T. Standbridge reported that the chapter had adopted a soldier at Shagbush Hospital. He is a veteran of World War I and a Christmas parcel had been sent to him.

A school at Fort Nelson had been adopted and a parcel of Christmas gifts sent there. Other parcels will be sent during the year to these children.

IODE calendars have been placed in all the district school rooms and a donation of a dollar per member has been given the local hospital.

Mrs. A. H. Hooper, convener of the TB fund committee, reported \$123.33 had been received to date, with donations still coming in. Two thousand letters had been sent out. Proceeds from entertainments during the year had amounted to \$608.00.

ENGAGEMENT

Mrs. M. Heintzman, 824 Coronation Avenue, announces the engagement of her eldest daughter, Evelyn Elizabeth, to Daniel B. Zerr, also of Kelowna. The wedding will take place February 28 at the Church of the Immaculate Conception at 10 a.m. Very Reverend W. B. McKenzie will officiate at the ceremony.

COMMERCE BANK AT WINFIELD NOW OPEN

The Winfield Branch of the Canadian Bank of Commerce was officially opened for business yesterday, while the Osoyoos office was opened today. The Winfield office will be open on Mondays, Wednesdays and Fridays, while the Osoyoos office will be open on Tuesdays, Thursdays and Saturdays.

The Winfield office is presently located in the Red and White grocery store, but a new building is now under construction and will be ready for occupancy in May. The Osoyoos office is in the Smith Cash Store.

The staff of the combined new branch now consists of A. Gilroy, manager, and George Pettigrew, of Kelowna, ntario, latterly of Oliver. When the new building is opened the staff will be increased.

The new branch is so located as to serve the people of Winfield, Osoyoos and Okanagan Centre. It is expected the latter will take advantage of the branch at Winfield, as this is conveniently located for them.

Mr. Gilroy said on Wednesday that the opening of this branch by the Bank of Commerce was a tribute to the development of the areas concerned and a demonstration by the bank of confidence of

performed a piano solo.

This was followed by a play entitled "Phips," and the cast included Mrs. Jack Snowsall, Mr. Wally Bennett, and Mr. R. J. Marshall.

Following the entertainment a luncheon and social hour were spent.

TO VISIT BRITAIN

TORONTO (CP) — Patricia Tarbet of Northern Vocational School, winner of two awards for public speaking, will spend eight weeks in Britain. She is the girl chosen to represent Canadian students on a tour sponsored by the Council for Education in World Citizenship.

Taxpayer Clark Appeals Ruling Of Building Inspector Clark

Will Argue for and Against Self When Case Comes Before Appeal Board

When the building inspector of the city appealed from his own ruling, matters became a little confused at the City Council meeting on Monday night. It was a case of taxpayer A. E. Clark appealing from the ruling given him by Building Inspector A. E. Clark. The matter will go to the appeal board.

dozi, where his house is situated about 70 feet from the street line, whereas other houses are about 30 feet back of the line. Taxpayer Clark wants to build a garage somewhere near the front of his property.

But taxpayer Clark is also the city building inspector and as Building Inspector he has advised himself, taxpayer Clark, that his proposed plans do not fit in with the requirements of the city by-laws. Building Inspector Clark has told taxpayer Clark that he cannot build

as proposed.

So taxpayer Clark has appealed from his own ruling as building inspector and an impartial board will take a look at taxpayer Clark's problem as it does all such appeals from the rulings of Building Inspector Clark. A little additional catch is that as building inspector and as taxpayer, Clark will be arguing both for and against himself when the case is heard by the appeal board.

More About 2 APPLE PRODUCING

From Page 1, Column 5 of the move before it become effective, but he is hopeful that such steps will be taken. It may take two years before all sections of Canada abandon the No. 1 and domestic grades for the extra fancy, fancy and cee grades.

The Council also went on record through a very strongly worded resolution as requesting the federal government to state its reasons for not passing legislation for a federal marketing act as has been requested for many years.

Mr. Loyd also reported that officials of B.C. Tree Fruits had interviewed the federal department of health and welfare regarding the restriction the department places on food advertising. These regulations have been a bone of contention between the fruit sales organization and the department for some time. Mr. Loyd stated that department of

officials did admit that in the case of apples the regulations, perhaps, had been too rigidly interpreted. He is hopeful of an easing in the department's policy.

Mr. Loyd stated that the Canadian Fruit Wholesaler's Convention at Quebec was an excellent session. He said one of the outstanding aspects of the trip was a forum at this convention when producers, wholesalers and retailers all frankly aired their complaints against the others. While no definite action resulted, Mr. Loyd is of the opinion that this innovation cleared the air considerably and that much good would result.

No U.K. Market There is little prospect for any apple export to the United Kingdom market for several years, Mr. Loyd has concluded after listening carefully to several speeches by important British figures. He said none of them gave any indication of any easing in the present policy of buying no fruit from the dollar area, but confining all fruit purchases to the sterling area.

COUNCIL GRANTS NEW LICENCES

The City Council has authorized the following business licenses: P. J. O'Neill, retailer trader in dry goods and children's shoes, having purchased Leslie's A. M. Margens, music dealer; R. P. Stoltz, music teacher; E. W. Detkowski, 1922 Penzance, 8 rooms to rent; P. Genis, barber, 1443 Ellis, having taken over the business of C. L. Dalton; Mrs. V. C. Garwood, 1110 St. Paul, Kelowna, Cemeo Block works, having taken over from M. D. Garwood.

The requests A. J. Angus, 242 Lawrence, manufacturer of sawdust burners and of K. Fairley, service maintenance and installation of heating equipment, were referred to the building inspector.

REVISION COURT AT PEACHLAND

PEACHLAND — The court of revision of the assessment roll met in the Municipal Hall, Monday, February 7. Reeve C. O. Whinton was appointed chairman, and C. C. Inglis, secretary. Fourteen appeals of land and improvement assessments were heard and the assessment on the land was upheld. An adjournment was moved to permit inspection of the improvements in question.

Mrs. R. E. DeHart is a guest of her daughter in Vancouver, Mrs. Guy Lyons.

FINANCIAL FIRM OPENS BRANCH IN KELOWNA

D Carr-Hilton and P. Petty-piece Head New Office of International Bond and Share Corporation

Kelowna's "financial district" has been augmented this week by the opening of a local branch of a Vancouver stock and bond house, International Bond and Share Corporation Ltd., situated at 248 Bernard, the former Kelowna Sawmill office. The organization has branches in Victoria and key prairie cities and plans expansion in Eastern Canada.

Two local men head the local branch. Doug Carr-Hilton has been appointed manager and with him will be P. Petty-piece, who will manage the real estate and insurance end of the business.

Mr. Carr-Hilton brings a wealth of investment experience to the position. He entered the Canadian Bank of Commerce in 1913, enlisted in the Canadian Garrison Artillery in 1916, serving in France and Belgium two years, and rejoined the bank in 1919. He was in the Kelowna branch in 1923 and 1924, and, after serving in many other branches, was accountant in the Vernon branch in 1938 when he resigned from the bank.

He served the Canadian Government during the war years as assistant organizer of the many Victory Loans so satisfactorily conducted in Kelowna and district. He joined Okeana Investments Limited as secretary of the company in April, 1942, and has been manager of their investment department for the past four years.

Mr. Petty-piece, who will be manager of the real estate department, is well known in Kelowna, having completed fifteen years banking experience as accountant with the Canadian Bank of Commerce here in 1930. He took part in four Victory Loan campaigns during the war, as canvasser and organizer, after which he joined the staff of Okeana Investments Limited as manager of the real estate department. He brings to his new position sound business training and experience.

The new branch will have daily cover markets and a large room, well furnished is available to anyone interested in reading the mass of information covering market trends and conditions, that will be made available.

AMBULANCE SERVICE TO CONTINUE?

Alderman Roadhouse reported to the City Council on Monday night that there might be a small ray of hope that the city will continue to have ambulance service. One party has shown some interest, but the matter is still in the quiet discussion stage. The present operator will continue until the end of February.

More About 1 LOCAL LIBERALS

(From Page 1, Column 4)

regarding the pros and cons of running a Liberal candidate and the action of the Conservatives in naming one at Penelton. The new president expressed the view that while some of the Liberals favored the choosing of an "independent," that the door had been shut on any such possibility by the action of the Conservative nominating convention and that the Liberals could not be expected to vote against their own government.

C. R. Walrod was of the opinion that the Liberals should not have considered any proposal for teaming up with the Tories. He was for being "Liberals," and standing on their own feet at all times.

Ed Newton was of the opinion that the Liberal party was not giving sufficient attention to the veteran and the working man and that they lost out in the last federal election by not having a candidate that would appeal to that class of voter. Theirs was the votes that put O. L. Jones in, he contended.

Dr. W. J. Knox did not agree that the Conservatives should be classed as "enemies." They stood for the joint system of free enterprise as the Liberals, as against the socialist-communist dictatorship system. He felt, though, that the action taken by the Conservatives at their Penelton convention meant that the Liberals would have to run a candidate. He thought the chances would be better if the LLP ran their own man, as that would cost Jones 2,500 votes.

Bob Knox voiced the opinion that there was still the possibility that joint action might be taken. This view was not shared by anyone else, as it was felt that the Conservative convention had made the position of their party clear.

A. W. Gray spoke in support of the view that the Liberals should fight their own battles, both federally and provincially, and considered that in the coming federal election it was not a contest between socialism and free enterprise, but a contest between the Liberals and the Drew-Duplessis combination, which threatened to give complete domination to reactionary Ontario and Quebec forces.

H. V. Craig expressed regret at hearing talk of not running a candidate and was emphatically opposed to such signs of defeatism, and thought it better to go down with their forces to the enemy than to be shot in the back, retreating. Canada had a government that Liberals had a right to be proud of, and he felt that failure to support their party was unthinkable. The discussion eventually came to an end without anyone putting a resolution on the subject, but it was evident that the large majority of those present were for the nomination of a Liberal candidate, and Dr. Knox suggested that before the time of the convention consideration should be given to the selection of a suitable candidate.

Membership book were distributed to the executive members, and a drive for members will be undertaken in the near future.

SALE OF PERFUMES

WE DON'T WANT THE DURN STUFF ANY LONGER

During the war and after, we just bought any perfume—regardless of the price and quality—so now we have on hand some scents that we guarantee will make you smell like two skunks. However, some are advertised in Vogue and other magazines that are left around the "lavin' room" to give an impression that you are "tops" in the social whirl. Anyway—drop in and pick up a couple of these bottles—but please send them out of town—NOT to be opened in the store.

LETTER TO THE EDITOR

SEARCHING FOR FRIEND

Editor, Kelowna Courier:

Dear Sir: Please help me find the whereabouts of an old acquaintance whom I lost track of four years ago. My reason for writing you is because he used to receive your newspaper and often said, especially while taking "they are bigger around Kelowna, B.C. and the weather and mountains are better and bigger." He is a well-known man in mining circles. His name is Fred T. Donkin, about 58-65, a big man, 5 ft. 10 in., weight around 200 lbs. He wears glasses and makes the impression of having travelled a lot. Yours truly,

OVIDA LAVOIE,
234 6th Ave.,
Grand Mere,
Quebec Prov.,
Canada.

eral Hospital, on Wednesday, February 16, 1949, to Dr. and Mrs. T. Watson, Kelowna, a daughter.

ERIK — At the Kelowna General Hospital, on Thursday, February 17, 1949, to Mr. and Mrs. Stanley Fik, Kelowna, a daughter.
